Providing medical, dental, behavioral health, enabling, and WIC services to individuals of all ages in Jefferson and Lewis Counties.
Welcome

Thank you for choosing North Country Family Health Center (NCFHC or Health Center) as your trusted healthcare provider. We are honored to care for you and your family by providing medical, dental, behavioral health, enabling, and WIC services to individuals from birth through end of life. As a Federally Qualified Health Center, our services are provided to all patients regardless of ability to pay and offer those who qualify discounts based on your family size and income.

We welcome all patients including those with disabilities and those who need translation and interpretation services. We are always happy to assist patients who may need assistance completing their medical forms and paperwork.

We are committed to providing you both with the best care and with the best experience possible. If you would like to share a comment, suggestion, or have a complaint please contact us.

What is a FQHC?

A Federally Qualified Health Center (FQHC) is a Community Health Center selected by the federal government to receive special funding because they provide comprehensive, quality care to anyone who needs it, regardless of ability to pay. Community Health Centers provide high-quality healthcare that is affordable and accessible.

As an FQHC we offer “one-stop shopping” – primary and preventive healthcare visits, laboratory services, dental, behavioral health services, and case management – all conveniently located, coordinated, and tailored to meet our patients’ needs. Additionally, North Country Family Health Center, similar to all other FQHCs, is managed by a consumer driven Board of Directors. If you are interested in serving on the Board of Directors, please let us know.
• **Mission**
  • To improve the health, wellness, and quality of life of all individuals in our community by providing accessible, high quality, affordable, patient-centered, and integrated health services.

• **Vision**
  • A community in which every individual achieves a healthy and wholesome life.

• **Values**
  • **Access** – We commit to making sure that everyone has access to healthcare.
  • **Quality** – We commit to providing high quality care.
  • **Integration** – We integrate our services to ensure wellness of the whole person.
  • **Diversity** – We embrace a diverse community and a diverse workforce.
  • **Respect** – We treat every individual with dignity.
  • **Community** – We foster community partnerships to ensure collaborative approaches to providing access to care.

NCFHC is a Patient-Centered Medical Home

As a Patient-Centered Medical Home (PCMH) our healthcare team works with you as a partner in your care and coordinates your care both inside and outside our office.

We provide you with better, more personalized care, because our team knows you and your health history.

We guide you through the complex healthcare system to help you get the care you need from us or others.

We provide a safe place to talk about your concerns, and offer responses to all your questions and concerns at each visit.
Reminders for our Patients

- We provide same-day appointments for your convenience. Please always call our office first before you go to the emergency room for non-emergency conditions.

- Sometimes you may be referred out for a procedure or to a specialist for further care. We have Referral Coordinators on staff who will help arrange these appointments and can help to get to these appointments, if needed. Call your main clinic location for assistance with any referral.

- Please bring photo identification to your appointment.

- Please ALWAYS bring your insurance card and co-pay (if applicable) to your appointment.

- Bring all of your medications with you to your initial appointment – and then be sure to tell our nursing staff of any changes at each appointment.

- If you are unable to keep your appointment please call us to cancel or reschedule so we may provide your unused appointment time to another patient.

- Please arrive 15 minutes prior to your appointment. Call us if you are going to be late.

- If you are unable to make your appointment due to transportation barriers please call us and we will assist you.
Evidence Based Care

OUR DEDICATED CARE TEAM PROVIDES COORDINATED, EVIDENCE-BASED CARE AND TOOLS TO MANAGE YOUR HEALTH.

Paying for Your Healthcare

NCFCH is committed to providing healthcare services to everyone – those who do not have health insurance, those who do have health insurance, and those who may utilize our sliding fee scale.

We offer all patients care they can afford. We see patients covered by a variety of insurances, commercial or private plans, plans purchased from the New York State of Health Marketplace, Medicaid, Medicaid Managed Care, Medicare, Military Insurances, and Child Health Plus. We also offer a sliding fee scale for patients with or without insurance whose family income is at or below 200% of the Federal Poverty Guidelines. We also offer patients payment plans to help make it easier to pay any out of pocket costs.

We bill Medicaid and Medicare directly. In addition, we accept the following health insurance plans – if you do not see your plan listed or have concerns about your healthcare coverage, please contact us at 315-782-9450, x8052, as we may be able to assist you:

- Aetna
- Ameritas Dental
- Beacon Health Options
- Cigna
- Delta Dental
- Dentaquest
- Emblem
- Excellus BCBS
- Fidelis
- GEHA
- Guardian
- Healthplex
- Martins Point/US Family Health
- Metlife
- MVP
- The Empire Plan
- TRICARE/Humana
- UMR
- United Concordia
- UnitedHealthcare

For our dental patients we also welcome some of the GHI (Emblem) insurance plans too.

Our Certified Application Counselor, Tammey Patton, is available to help individuals and families enroll in the healthcare plan that is right for them. Please contact Tammey at 315-782-9450 x 8038 and she will provide the guidance necessary to navigate the sometimes complicated world of healthcare coverage.
Sliding Fee Discount Program

As a Federally Qualified Health Center it is our mission to make sure patients can afford the healthcare they need. That is why we offer qualified patients a sliding fee discount.

Our sliding fee discount is for anyone whose household income is at or below 200% of the Federal Poverty Guidelines. “Household” includes all people living in the same house or apartment that the primary applicant is financially responsible for.

After you fill out the Sliding Fee Scale Application we can tell you how much we can discount your fee. We can use this discount for any amount due and for any services we offer.

It can take up to two weeks to process completed applications. Your application is considered pending until you receive written notice that it has been approved.

We will never deny access to services given an inability to pay.
Sliding Fee Discount Program: How to Apply

Our staff can help you apply – asking about your household size and income is always done as a part of our registration process and updated annually. To apply for a discount you must fill out a short form and show us proof of income. If you don’t have proof of income on your first visit we can give you 30 days to bring in one of the documents listed below. Your application can’t be approved until we have all of the paperwork required.

**Bring in ONE of the following items for proof of income:**
- A copy of last year’s income tax return
- A W-2 (If you did not file a return)
  - Pay stubs from last 30 days
- Written statement from your employer

**If you are NOT employed:**
- Proof of Social Security income
- Proof of Unemployment income
- Proof of Disability income
- Proof of other income like child support, alimony, or pension

Ending the Patient Provider Relationship

Policy Statement: It is the policy of North Country Family Health Center that a provider may end the provider patient relationship as long as the patient is not at a critical stage of treatment and the patient has been given reasonable notice and sufficient opportunity to make alternative arrangements for care. Termination of care may not only apply to the provider that is initiating the termination of care, but to all other services rendered by the organization if the patient is threatening/abusive to staff or for any other reason that makes providing care for the patient unsafe for NCFHC employees. Termination of care from NCFHC may (or may not) be applicable to all NCFHC programs, across all counties.

Once a patient-provider relationship is begun, a provider generally is under both an ethical and legal obligation to provide services as long as the patient needs them. There may be times, however, when the provider may no longer be able to provide care. It may be that the patient is noncompliant, unreasonably demanding, threatening/abusive, or otherwise contributing to a breakdown in the patient-provider relationship. Or, it may be necessary to end the relationship simply due to relocation, retirement, or unanticipated termination by a managed care plan and/or employer.
North Country Family Health Center is a Federal Tort Claims Act (FTCA) deemed facility. North Country Family Health Center receives Health & Human Services funding and has Federal Public Health Service deemed status with respect to certain health and or health-related claims, including medical malpractice claims, for itself and its covered individuals.
