Dear Parent/Guardian:

North Country Family Health Center's School-Based Health Program, within the South Jefferson School District, offers medical, dental, and behavioral health services to all students through our School-Based Health Centers (SBHCs). SBHCs bring comprehensive primary care services to the place where students are during the day – school – and address critical health problems as well as urgent concerns that make it difficult for students to learn.

Our SBHCs offer a full range of primary healthcare services to ANY student within the South Jefferson School District. Services include the following:

*Well child and annual physical exams – (including sports physicals and working papers)
*Immunizations
*Care for sick visits
*Care for chronic issues
*Counseling services – individual and family counseling
*Preventative dental care – (including cleanings, sealants, and fluoride treatments)

Services provided within the SBHC are provided at no out of pocket costs to you – regardless of your child's health insurance coverage. However, if your child requires services we do not provide at our school-based sites – such as outside tests or labs – there may be out of pocket costs. If your child has insurance, we will bill your insurance company for you. If your child does not have insurance, we can assist you with obtaining insurance coverage. We do NOT turn any student away!

The best part – you do not need to change your primary care provider (medical or dental). Our staff will work in collaboration with any outside provider your student is already seeing.

Our Program is voluntary – however, we encourage you to enroll as a backup plan in case your child falls ill while at school as well as to take advantage of our school-based services as they are convenient for both you and your child. North Country Family Health Center has 30 years of experience providing school-based services to students and we know firsthand that healthy students learn better. We encourage you to enroll your child so we can focus on their health so they can focus on learning.

Please complete the attached enrollment packet to enroll your child in school-based services. If you would like more information or have questions, please don't hesitate to reach out to me directly at any time at either hlupia@nocofamilyhealth.org or 315-782-9450 x8086.

Sincerely,

Heather Lupia, MS, Healthcare Administration

Services may include but are not limited to: comprehensive physical/dental examinations; treatment of illness and injury; monitoring of chronic illnesses; and counseling services, if needed. I consent to photographs being taken of the student for inclusion in their confidential electronic medical record for diagnosis and treatment only. I give my consent for NCFHC staff to have access to the student's school health records and copies of the student's most recent physical/dental exam. I give my permission for the release of the student's medical/dental summaries to be shared with his/her healthcare provider and/or the school nurse to coordinate his or her care. I understand that every effort will be made to contact me prior to treatment, however I understand this may not always be possible. The staff of NCFHC believes that parental involvement is essential in keeping children healthy and will encourage each student to involve his or her parents in healthcare decisions. We encourage parents/guardians to visit or call the School-Based Health Center at any time.

Finance Policy:

North Country Family Health Center's (NCFHC) School-Based Health Program serves all students whether they are covered by insurance or not. As applicable, I authorize my insurance provider to pay North Country Family Health Center, Inc. for services rendered.

A copy of North Country Family Health Center's (NCFHC) Notice of Privacy Practices which describes how NCFHC may use and disclose my student's protected health information following applicable state and federal law is posted in the SBHC. Please visit www.nocofamilyhealth.org for a copy.

I understand that this may include disclosures of information to my student's insurance carrier(s) to issue payment directly to NCFHC.

I understand that I have the right to receive a copy of my student's medical/dental/behavioral health information or to request restrictions on the use of my student's protected health information.

I understand that NCFHC may engage business associates to assist in my student's coordination of care including afterhours telephone coverage, Parkview Pharmacy, and call reminder service including text messages.

Telehealth: North Country Family Health Center's (NCFHC) offers its patients telehealth services as a method to expand access to care. I understand my student may be offered a telehealth appointment at NCFHC. I consent for my student to receive services via NCFHC telehealth equipment and understand and/or agree to the following:

- I understand my student has the right to refuse to participate in services delivered via telehealth at any time by informing any NCFHC staff member.
- I may request at any time an in-person appointment with another NCFHC healthcare provider. I understand that by selecting another provider there could be a delay in service and the potential need to travel for a face-to-face visit.
- I understand there are potential drawbacks of participating in a telehealth visit versus a face-to-face visit.
- I understand the healthcare provider performing the service will not be physically in the same room as me and will be performing the service at a different location, therefore, if parts of my student's care and treatment require physical examination that may be conducted by other NCFHC providers and staff under the direction of my student's telehealth healthcare provider or my student may need to be re-scheduled for a face-to-face visit which could result in a delay in service and the potential need to travel for the face-to-face visit.
- I understand my student's visit will be conducted via technology and NCFHC cannot guarantee technology will always work. I understand that if there is an equipment failure my student may need to be rescheduled for a face-to-face visit.
- I understand NCFHC utilizes HIPAA compliant, encrypted software to conduct its telehealth services.
- I understand my student has the right to ask any questions regarding the telehealth equipment, technology, etc. at any time.
- I understand my student will be informed and made aware of: the role of the telehealth provider at the distant site, as well as qualified professional staff at the NCFHC location who are going to be responsible for follow-up or ongoing care; and the location of the distant site.
- I understand my student has the right to have appropriately trained staff immediately available while receiving the telehealth service to attend to emergencies or other needs. I understand this is not possible if conducting a telehealth visit from my place of residence located within the state of New York or other temporary location within or outside the state of New York.

I understand my student has the right to be informed of all parties who will be present at each end of the telehealth transmission; and consent to have NCFHC staff in the exam room to operate telehealth equipment, if needed.

If I have questions about enrolling my student and the SBHC Program, I will contact SBHC Program Administrator Heather Lupia at (315) 782-9450 x 8086.

I understand that my consent will remain in effect as long as the student is enrolled in NCFHC's SBHC Program, unless I notify NCFHC in writing. I understand that I may revoke my consent at any time.
