Dear Parent/Guardian,

North Country Family Health Center's School-Based Health Program, within the Watertown City School District, offers medical, dental, and behavioral health services to all students through our School-Based Health Centers (SBHCs). SBHCs bring comprehensive primary care services to the place where students are during the day – school – and address critical health problems as well as urgent concerns that make it difficult for students to learn.

Our SBHCs offer a full range of primary healthcare services to ANY student within the Watertown City School District. The best part – you do not need to change your primary care provider (medical or dental). Our staff will work in collaboration with any outside provider your student is already seeing. SBHC services include the following:

- Well child and annual physical exams (including sports physicals and working papers)
- Immunizations
- Care for acute illness (such as ear infections and strep throat)
- Care for chronic issues (such as asthma and obesity)
- Behavioral health services (including individual and family counseling)
- Preventative dental care (including cleanings, sealants, and fluoride treatments)
- Nutritional counseling by a dietician (Watertown High School Only)

Services provided within the SBHC are provided at no out-of-pocket costs to you – regardless of your child's health insurance coverage. However, if your child requires services we do not provide at our school-based sites – such as outside tests or labs – there may be out of pocket costs. If your child has insurance, we will bill your insurance company for you. If your child does not have insurance, we can assist you with obtaining insurance coverage. We do NOT turn any student away!

Our Program is voluntary – however, we encourage you to enroll as a backup plan in case your child falls ill while at school as well as to take advantage of our school-based services as they are convenient for both you and your child. North Country Family Health Center has over 30 years of experience providing school-based services to students within the Watertown City School District. We know firsthand that healthy students learn better. We encourage you to enroll your child so we can focus on their health so they can focus on learning.

Please complete the attached enrollment packet to enroll your child in school-based services. If you would like more information or have questions, contact me directly at hlupia@nocofamilyhealth.org or 315-782-9450 x8086. For dental-specific questions please contact Nicole Quintin, Dental Services Director, at 315-782-9450 ext. 8094 or nquintin@nocofamilyhealth.org.

Sincerely,

School-Based Health Center Transportation Plan & Consent

The Watertown City School District and North Country Family Health Center (NCFHC) collaborate to offer K-12 students health and dental care. The Watertown City School District (WCSD) will provide transportation for students to and from appointments with NCFHC when school is in session. The District provides transportation (mornings only) on an as needed basis to and from any appointments. **YOU MUST complete the information below giving your child consent to receive transportation services.** Children at Knickerbocker, Starbuck, Sherman, or Ohio Street schools who need transportation will be provided a transport to North Elementary's School-Based Health Center (SBHC). Transportation will be provided from 8:30 a.m. to 11:00 a.m.

When students in grades K-4 have a scheduled appointment the transportation provider will go into the school to pick the child up and bring the student to the bus. He/she will transport the student to the appointment, walking him/her into the SBHC. Either he/she will escort the student back to the bus or someone from the SBHC will do so. Once the bus has returned the student to the school where he/she attends, the transportation provider will escort the student to the Main Office of that school building.

When a student in grades 5-12 must travel outside of their building but still on the main WCSD Campus, students will sign out of the building and walk to the building on Campus (Wiley, Case, or WHS) where they have their appointment. Upon returning to their building of attendance, they will sign back in. Parent permission must be on file for students to walk from one building to another on the WCSD Campus. In the event that students in grades 5-12 must travel off the WCSD Campus for the appointment, the transportation provider will wait in front of the school to pick up the student. He/she will transport the student to the appointment, walking him/her into the SBHC. Either he/she will escort the student back to the bus or someone from the SCHC will do so. The bus will drop off the student at the main entrance of the school in which he or she is in attendance. It will be the student's responsibility to check in at the Main Office of Wiley Intermediate School, Case Middle School, or Watertown High School.

For the 2024-2025 school year, I authorize the Watertown City School District to provide my child with transportation to and from any appointments they may have with the North Country Family Health Center. I understand that transportation is only provided on days when school is in session and during morning hours, as applicable. If my child is a Watertown High School or Case Middle School student, I authorize him/her to walk from the respective building to Wiley Intermediate School for any appointments and back, signing in and out of the building as required by administration.

You must complete the information below for EACH student.
